

PURPLE BOUQUET ENGLISH LAVENDER

LAVANDULA ANGUSTIFOLIA 'PURPLE BOUQUET'

PURPLE BOUQUET ENGLISH LAVENDER IS GROWN FOR ITS LONG STEMS AND RICH, DARK PURPLE, SWEETLY SCENTED BLOSSOMS, JUST RIGHT FOR MAKING BOUQUETS! THE DEEP FLOWER COLOR HOLDS UP WELL WHEN CUT, MAKING IT IDEAL FOR CRAFTS. ITS RELATIVELY COMPACT SIZE, 20" TALL, 24-30" WIDE MAKES IT A BIT EASIER TO PLACE IN GARDENS THAN TYPICAL ENGLISH LAVENDER, BUT WITH THE SAME CULINARY USES. EASY TO GROW WITH GOOD DRAINAGE, LAVENDERS ARE DEER RESISTANT, HEAT AND DROUGHT TOLERANT PLANTS. SHEAR AFTER BLOOMING TO PROMOTE REBLOOM AND LONG LIFE FOR THE PLANTS, AND DON'T FORGET TO TAKE ARMLOADS OF FLOWERS INSIDE, WHERE THEIR SWEET SCENT PERFUMES THE ROOM.
