

# LETTUCE LEAF BASIL

## OCIMUM BASILICUM

ONE OF THE MOST PRODUCTIVE, THIS HEIRLOOM VARIETY OF SWEET BASIL IS EXCELLENT FOR PESTO. IT'S EXCEPTIONALLY LARGE (TO 6" LONG AND 4" WIDE!), CRINKLED LEAVES MAKE HARVESTING EASY AND ARE WONDERFUL IN SALADS OR SANDWICHES WHERE THEIR SWEET FLAVOR ADDS DISTINCTION. BUSHY PLANTS ARE ABOUT 18" HIGH AND SLOWER TO BOLT THAN MOST BASILS. IF YOU DO SEE FLOWERS, PINCH THEM OFF AND USE THEM IN YOUR NEXT SALAD. SIMPLY DELICIOUS.
