

MERSEA YELLOW PINELEAF PENSTEMON

PENSTEMON PINIFOLIUS 'MERSEA YELLOW'

WITH SUCH A DELICATE APPEARANCE, IT IS HARD TO BELIEVE THAT THIS NATIVE PENSTEMON IS SO DARN TOUGH. ITS FINE FOLIAGE AND DELICATE BLOSSOMS PLAY NICE IN THE GARDEN WITH OTHERS OF A MORE HEFTY NATURE, BUT ALSO LOOKS LOVELY WITH SMALL-SCALE GRASSES.. JUST LIKE ITS ANCESTOR WITH RED ORANGE FLOWERS, MERSEA YELLOW IS DROUGHT AND POOR SOIL TOLERANT, DEER RESISTANT, LONG LIVED AND A PROLIFIC BLOOMER, WITH THE ADDED FEATURE OF YELLOW BLOSSOMS, WHICH ARE A RARITY AMONG PENSTEMONS. PERFECT FOR ATTRACTING HUMMINGBIRDS REACHES 12" HIGH AND UP TO 2' ACROSS.

ZONES 4-9
